- Sahil brings his own seat for playing lapsteel

- A subtle blend of slapback delay and reverb on the lead vocals would be appreciated.
- Imran, Sahil and Sarita all need at least one floor monitor.

Hospitality

If possible, we'd like to have a dressing room with:

- At least 5 chairs, or a couch and a couple of chairs.
- A table and most important... a mirror on the wall.
- Tea. If possible, fresh ginger.
- Water. Tapwater is fine when it's clean. Let's try to avoid plastic.
- Fresh fruit & some little snacks.
- Nine softdrinks, six beers and six non-alcoholic beers.
- Sarita needs about 45 minutes to dress up, please respect her culture and privacy.

Dinner (when provided):

- A nutritious vegetarian meal. Preferably rice based, at least a little spicy and with a green salad on the side.
- Please note, doesn't eat egg either (or anything with egg processed in it). Other dairy products are fine.
- Sarita doesn't eat onion.

When performing outside The Netherlands:

- A stay for the night with at least 5 single beds and a separate room for Sarita.
- Some fruits, coffee and cereals for breakfast.
